

Elephant and Leopard

2B Wong Chi Ho

The elephant, the elephant,
Your nose is long and strong.
You like to eat bananas.
But I know you hate koalas,
I know you are from Africa,
But I will bring you to America.
I will put you in my giant car.

The leopard, the leopard,
You are cool and cruel.
I know you are speedy,
And you will eat the teddy.
You can climb up the tree.
And I know your brother is three.
